- Supports normal absorption during digestion*
- Supports anti-aging processes and antioxidant capacity*
- Supports bone, joint, muscle and skin health*
- Supports metabolism of carbohydrates, fats and proteins*
- Contains no preservatives and no artificial colors or flavors

POSITIONING STATEMENT

Every body system and process relies on adequate nutrition in order to function properly and support a healthy lifestyle. Nutrients especially important for proper body function are vitamins and minerals. The body can synthesize a few vitamins, however, it is necessary to obtain most vitamins in adequate quantities from elsewhere.

We've developed this unique formula to help supply the vitamins and minerals your body needs. Adult Multivitamin has been specially formulated to help meet your body's daily requirements for many critical fat- and water-soluble vitamins, as well as macro- and trace minerals.

With a diverse blend of essential nutrients, Adult Multivitamin supports the various body systems including the circulatory and immune system, and also supports body stamina and feelings of well-being.*

DIRECTIONS/USAGE:

Take one (1) tablet twice daily, in the morning and evening.

HEALTH AND WELLNESS | SUPPORT
