

MÖDERE[®] FACT SHEET

DIGESTIVE ENZYMES

PRODUCT DESCRIPTION:

Formulated with pineapple and papaya, Modere Digestive Enzymes is a special blend of 7 enzymes that helps your body break down food while absorbing more essential nutrients. Finally experience relief from bloating, flatulence, intermittent heartburn and other symptoms of occasional poor digestion. *

PRODUCT BENEFITS:

- Helps you absorb more essential nutrients*
- Includes 7 digestive enzymes to help your body break down the food you eat*
- Offers relief from symptoms of bloating, flatulence and occasional heartburn*
- Lactase helps you digest dairy products*
- Protease helps you digest proteins*
- Lipase assists in fat digestion*
- Helps maintain a healthy digestive function*

POSITIONING STATEMENT:

Modere Digestive Enzymes contain a specific selection of digestive enzymes normally found within the body to assist in the efficient digestion of protein, carbohydrate, fats and fibrous materials. This formula also contains fennel and ginger to aid in soothing the digestive tract. *

Digestive enzymes aid the body in assimilating and absorbing an array of nutrients. The majority of digestive enzymes are produced by the pancreas and small intestine where molecules are broken down into nutrients for absorption into the blood stream for delivery to the body's cells.

When foods are not properly broken down in the digestive tract your cells are not given all the nutrients that food has to offer. Additionally, the natural enzymes in foods such as fruits and vegetables can be destroyed when food is cooked.

Try Modere Digestive Enzymes to properly digest your food and live clean. *

DIRECTIONS/USAGE:

Take two (2) capsules once daily immediately after the main meal of the day.

HEALTH AND WELLNESS | SUPPORT

KEY INGREDIENTS:

- *Papain*
- *Bromelain*
- *Ginger root extract*
- *Fennel seed powder*

INGREDIENT LIST:
