

MÖDERE[®] FACT SHEET

LIVER HEALTH

PRODUCT DESCRIPTION:

Modere Liver Health contains a unique herbal blend designed to help your liver in the removal of toxins from your blood and body while promoting the natural detoxification process—supporting healthy digestive, metabolic, and immune function. *

PRODUCT BENEFITS:

- Milk thistle seed extract (with silymarin) assists normal liver function and detoxification and offers cellular protection*
- Alpha Lipoic Acid (ALA) protects liver cells, boosts glutathione production, and helps produce liver enzymes for a healthy liver*
- Brussels Sprout powder acts as a powerful antioxidant to boost cellular protection*
- Wasabi Root powder aids in the removal of unwanted toxins in the liver*

POSITIONING STATEMENT:

Your liver is the second largest organ in your body, and it plays extraordinarily important roles in digestion, detoxification, and immune function. Without it, your body can't properly absorb nutrients, and it can't eliminate the bad stuff either.

The liver maintains proper blood sugar levels and assists in the important filtration of toxins from the blood stream. A healthy liver not only aids in recovery from bouts of excess, it is essential for maintaining a strong immune system. Modere Liver Health provides this superhero of an organ with support, using milk thistle and ALA to assist in detoxification, and powerful antioxidants like Brussels sprouts and wasabi to help protect you against oxidative damage. * It doesn't matter how young or old you are; your liver is vital to your overall health and wellbeing.

DIRECTIONS/USAGE:

Take two (2) tablets, three times a day. May be taken with or without food.

HEALTH AND WELLNESS | SUPPORT
